Such certification shall indicate the name of the governmental agency to which the wholesale receiver has delivered tea free of quota restrictions, the date upon which such delivery was made to such governmental agency, and the quantity of tea so delivered to such governmental agency. The packer to whom such certification has been furnished as aforesaid shall retain the original of such certification for at least one year after the date of receipt thereof.

The Director may thereupon take such action as he deems appropriate which action shall be final.

(j) *Communications.* All reports required to be filed hereunder and all communications concerning this order, unless instructions to the contrary are issued by the Director, shall be addressed to the War Food Administrator, United States Department of Agriculture, Washington, D. C., Ref. FD-18.

Pursuant to the authority vested in me by Food Distribution Order No. 4, issued by the Secretary of Agriculture on January 7, 1943, as amended (8 F.R. 335, 11331), and to effectuate the purposes of such order, It is hereby ordered as follows:

§ 1450.5 *Restrictions on 1943 crop burley tobacco—(a) Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent hereof:

(1) The term "burley tobacco" means unmanufactured tobacco of Type 31, as defined in the Official Standard Grades for Burley Tobacco (7 CFR 29.206 (II)), promulgated by the Secretary of Agriculture on November 25, 1936, pursuant to the Tobacco Inspection Act (7 U.S.C. 1940 ed. 511 *et seq.*)

(2) The term "manufacturer" means any person who processed tobacco during the period from October 1, 1942, to September 30, 1943, inclusive, into a product for consumer use which was subject to taxation under the Internal Revenue Code (26 U.S.C. 1940 ed. 2000-2040)

(3) The term "dealer" means any person, other than a manufacturer, who purchased burley tobacco of the crops of 1939, 1940, and 1941 from producers or at auction and redried and packed such tobacco, or had such tobacco redried and packed for his account.

(4) The term "1943 crop burley tobacco" means burley tobacco which was planted and harvested during the calendar year 1943.

(5) The term "warehouseman" means any person who offers tobacco for sale at auction as a commission agent for the producer of such tobacco.

(6) The term "farm scrap" means any loose, tangled, untied, and unstemmed burley tobacco salvaged as a by-product in harvesting, stripping, classing, and tying on the farm and consisting chiefly of barn and strip-house floor sweepings and very inferior quality leaves not sold at auction by growers.

(7) The term "auction scrap" means any loose, untied, and unstemmed burley tobacco consisting entirely of floor sweepings, loose, and tangled leaves, or

portions of leaves which accumulate from unavoidable dropping or breakage in the handling of burley tobacco on auction warehouse floors and which consist exclusively of such tobacco salvaged as a by-product of auction marketing.

(8) The term "person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(b) *Restrictions.* (1) After the effective time of this order no person shall purchase, or otherwise acquire, 1943 crop burley tobacco unless such tobacco is purchased or acquired pursuant to the provisions hereof.

(2) No manufacturer shall, directly or indirectly, purchase, or otherwise acquire, 1943 crop burley tobacco, except as provided in (b) (6) hereof, which will cause the total amount of such tobacco so acquired by him to exceed 90 percent of the total number of pounds of burley tobacco used by such person for manufacturing purposes during the period from October 1, 1942, to September 30, 1943, inclusive.

(3) No manufacturer shall, except as provided in (b) (6) hereof, purchase at auction a higher proportion of his total allocation of 1943 crop burley tobacco than his total purchases of burley tobacco from the crops of 1939, 1940, and 1941 at auction bore to his total purchases of burley tobacco from such crops, and such proportion of his total allocation shall only be purchased at auction.

(4) No dealer shall purchase, except as provided in (b) (6) hereof, from producers or at auction for his own account a total quantity of 1943 crop burley tobacco which is in excess of 115 percent of the amount which was allocated to such dealer pursuant to the provisions of Food Distribution Order No. 4-1, issued by the Director of Food Distribution on January 8, 1943, as amended (8 F.R. 392, 4281) or the amount which he was entitled to have allocated to him pursuant to said Food Distribution Order, as amended, for such purchases from the 1942 crop of burley tobacco.

(5) Any person may purchase 1943 crop burley tobacco at auction: *Provided*, That if the price bid for the respective tobacco by any such person, who is not a dealer or a manufacturer, is equal to the maximum price established by the Office of Price Administration for such tobacco, and in effect on the date of such bid, the tobacco may be purchased by such person only if no manufacturer or dealer bids the maximum price, as aforesaid, for such tobacco.

(6) Purchases at auction of 1943 crop burley tobacco by a manufacturer or a dealer shall not be charged to the purchaser's allocation of 1943 crop burley tobacco pursuant to (b) (2), (b) (3) or (b) (4) hereof if such tobacco is purchased at a price less than the maximum price for such tobacco established by the Office of Price Administration and in effect on the date of such purchase.

(7) Purchases of auction scrap and farm scrap by a dealer shall not be charged against such dealer's allocation, but purchases of auction scrap and farm scrap by a manufacturer shall be

charged to such manufacturer's allocation.

(8) Any person may purchase 1943 crop burley tobacco for use in the fulfillment of a written buying order, executed prior to the time of such purchase, for any person having an allocation hereunder and, for the purposes of this order, such burley tobacco acquired under any buying order shall be charged to the allocation of the person who issued such buying order.

(9) For the purposes of this order, burley tobacco bought at auction on contract for future delivery shall be considered as acquired for the purchaser's own account.

(10) The poundage figures used in computing allocations pursuant hereto shall be reduced to an undried (green weight) basis. Burley tobacco in the steamdried condition and in unstemmed form shall be converted to the undried basis by multiplying the number of pounds by the factor 1.125. Burley tobacco in the steamdried condition and in stemmed form shall be converted to the undried basis by multiplying the number of pounds by the factor 1.48.

(11) The restrictions of this order shall be observed without regard to the rights of creditors, prior contracts, existing contracts, or payments made prior to the effective time hereof, and purchases or sales of 1943 crop burley tobacco, made prior to the effective time hereof, shall be charged to the respective allocations in accordance with the provisions hereof, as if such purchases or sales were made after the effective time of this order.

(c) *Modification and amendment.* Any allocation granted herein may be modified, amended, or supplemented from time to time by notice or letter, issued by the Director, to any person to whom such allocation has been made.

(d) *Provisions incorporated by reference.* The provisions of Food Distribution Order No. 4, as amended, with respect to reports and records, audits and inspections, petitions for relief from hardship, and violations shall apply to persons to whom this order applies with the same force and effect as if set forth herein.

(6) The term "wholesale distributor" means any person who accepts delivery of linseed oil from other persons and re-delivers such oil, without further processing, to persons other than consumers.

(7) The term "retail distributor" means any person who delivers linseed oil to consumers. However, a person who is not a crusher, processor, manufacturer, or wholesale distributor, and who does not deliver linseed oil to consumers other than himself, shall not be deemed a retail distributor.

(8) The term "consumer" means any person who uses or consumes linseed oil except as a "manufacturer." However, for the purposes of this order, the delivery of linseed oil by a crusher, processor, wholesale distributor, or retail distributor; the acceptance of delivery of linseed oil by a wholesale distributor; the pressing, expelling or extracting of linseed oil from flaxseed by a crusher; or the processing of linseed oil by a processor shall not be construed as a use or consumption of linseed oil.

(b) *General restriction on delivery.* Subject to the provisions of (c) (d), (e), (f) (g) (h) and (i) hereof, no person shall deliver a quantity of linseed oil to retail distributors, in any calendar quarter, in excess of a quota equal to 50% of the quota base of such person for such calendar quarter.

(c) *Intra-company or constructive deliveries.* Any linseed oil used or consumed by a crusher, processor, manufacturer, or wholesale distributor, as a consumer, or delivered by such person to a consumer, who is not also a crusher, processor, manufacturer, wholesale distributor, or retail distributor, shall be construed as a delivery by such crusher, processor, manufacturer, or wholesale distributor to a retail distributor, and shall be subject to the restrictions of (b) hereof.

(d) *Deliveries to persons who are retail distributors and also crushers, processors, manufacturers, or wholesale distributors.* Notwithstanding the provisions of (b) hereof, and subject to the provisions of (e) hereof, any crusher, processor, manufacturer, or wholesale distributor may deliver linseed oil to another person who is a crusher, processor, manufacturer, or wholesale distributor without regard to whether or not such other person may also be a retail distributor or a consumer, and such delivery shall not be charged to the quota, under paragraph (b) hereof, of the person making delivery, but the person to whom the linseed oil is so delivered shall enter it on his books as having been received by him as a crusher, processor, manufacturer, or wholesale distributor, as the case may be, and any delivery, constructive or otherwise, of such oil by him shall be subject to the restrictions of this order.

(e) *Deliveries made pursuant to notice that the delivery shall be charged against the supplier's quota.* Notwith-

standing the provisions of (d) hereof, if any crusher, processor, manufacturer, or wholesale distributor, prior to the shipment of any particular quantity of linseed oil to him by a supplier, other than a retail distributor, shall notify such supplier, in writing, that he desires to accept delivery of such oil as a retail distributor or consumer, and if such supplier elects to deliver such linseed oil after the receipt of such a notice and prior to the receipt of a written revocation of such notice, such linseed oil when so delivered shall be charged to the quota of such supplier under the terms of (b) hereof, as a delivery to a retail distributor. Any person who receives linseed oil pursuant to a notice given in accordance with the provisions of this paragraph (e) shall not be subject to the restrictions of this order with respect to such linseed oil.

(f) *Carrying over quotas.* If any person does not in any calendar quarter deliver the quota of linseed oil which he is permitted to deliver under the applicable provisions of this order, the unused part of his quota for such quarter may be carried forward to the succeeding calendar quarter, but can be delivered only in such succeeding calendar quarter and then only after his regular quota for such quarter has been delivered. In accordance with the foregoing provisions of this paragraph (f) any unused portion of a person's quota under the provisions of Food Distribution Order 63 (8 F.R. 9487) as issued on July 10, 1943, for the calendar quarter beginning on July 1, 1943, may be carried forward to the calendar quarter beginning on October 1, 1943.

(g) *Deliveries to exempt agencies or persons.* Notwithstanding any other provision of this order, linseed oil may be delivered without restriction to exempt agencies or persons, or exported to a foreign country in conformity with law, by any person: *Provided, however* That any person who so delivers or exports linseed oil shall be subject to the restrictions of this order, unless he shall mail or otherwise deliver to the Chief, Fats and Oils Branch, Food Distribution Administration, War Food Administration, Washington 25, D. (h) *Computation of quota base deliveries.* For the purpose of determining the amount of linseed oil delivered by any person in the base period which may be used in computing such person's quota base for any calendar quarter in accordance with (a) (12) hereof, there shall be included only the linseed oil delivered during the two corresponding calendar quarters of the base period by such person to other persons who were then retail distributors and not also crushers, processors, manufacturers, or wholesale distributors and, if such person was a

crusher, processor, manufacturer, or wholesale distributor in such calendar quarters of the base period, there may be added all linseed oil used or consumed by such person, as a consumer, in such calendar quarters in the base period, and the linseed oil delivered by such person in such calendar quarters in the base period to other persons who were then consumers and not also crushers, processors, manufacturers, wholesale distributors or retail distributors: *Provided, however* That no linseed oil delivered by such person in such corresponding calendar quarters in the base period to the Army, Navy, Marine Corps, or Coast Guard of the United States; the United States Maritime Commission; the War Shipping Administration; or any agency acting pursuant to the act of March 11, 1941 (Lend-Lease Act) shall be included, nor shall any linseed oil exported by such person to a foreign country in such calendar quarter in the base period be included.

(k) *Records and reports.* (1) Every person subject to this order shall, for at least two years (or for such period of time as the Director may designate), maintain an accurate record of his transactions in linseed oil, including copies of any notices given pursuant to paragraph (e) hereof, and the originals of any such notices received.

(2) The Director shall be entitled to obtain such information from, and require such reports and keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(3) The record-keeping and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subsequent record-keeping or reporting requirements will be subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(m) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him, may file a peti-

tion for relief in writing with the Director, addressed as follows: Director of Food Distribution, War Food Administration, Washington 25, D. C., Ref. FDO 63. Such petition shall set forth all pertinent facts and the nature of the relief sought. The Administrator of this order shall then act upon the petition. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(o) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director, and may be redelegated by him to any employee of the United States Department of Agriculture.

## TITLE 26—INTERNAL REVENUE

## Chapter I—Bureau of Internal Revenue

## Subchapter E—Administrative Provisions Common to Various Taxes

[T.D. 5308]

## PART 471—ACCEPTANCE OF TREASURY NOTES IN PAYMENT OF INCOME, ESTATE AND GIFT TAXES

§ 471.1 *Acceptance of Treasury Notes of Tax Series A-1943, B-1943, A-1944, B-1944, A-1945, Treasury Notes of Tax Series C, and Treasury Savings Notes, Series C, in payment of income (including excess profits) estate, and gift taxes.* Notes of the United States designated as Treasury Notes of Tax Series A-1943, B-1943, A-1944, B-1944, A-1945, Treasury Notes of Tax Series C, and Treasury Savings Notes, Series C, may be accepted in payment of income taxes (current and back personal and corporation taxes, and excess profits taxes) and estate and gift taxes (current and back) at par and interest accrued to the month, inclusive, in which presented (but no accrual beyond the maturity date). Collectors of internal revenue are authorized and directed to accept such notes during and after the second calendar month after the month of purchase (as shown by the issuing agent's dating stamp on each note). For example, a note of Tax Series A-1945 purchased in September 1942 may be accepted in November 1942 but such a note purchased in October 1942 may not be accepted until December 1942.

Such notes may be accepted only in payment of income (including excess profits) estate, and gift taxes (current and back) due from the original pur-

chaser thereof or his estate. Such notes shall be in the name of the taxpayer (individual, corporation, or other entity) and may be presented for tax payment by only the taxpayer, his agent, or his estate. There is no limit upon the amount of such notes which may be accepted in payment of income (including excess profits) estate, or gift taxes.

Such notes, inscribed in the name of a taxpayer, may be accepted in payment of income tax withheld at the source by such taxpayer, and such notes inscribed in the name of a taxpayer may be accepted in payment of transferee liability assessed against such taxpayer for income (including excess profits) estate, or gift taxes.

Collectors of internal revenue shall not in any case allow credit to a taxpayer on account of such notes, or accept such notes, for an amount greater than their principal amount plus accrued interest, nor shall such notes be accepted in an amount (including accrued interest) greater than the unpaid liability of the taxpayer. Such notes shall be forwarded to the collector of internal revenue with whom the tax return is filed, at the risk and expense of the taxpayer, and, for the taxpayer's protection, should be forwarded by registered mail, if not presented in person. (Secs. 3657 and 3791 of the Internal Revenue Code (53 Stat. 447, 467, 26 U.S.C., 3657, 3791) and sec. 18 of the Second Liberty Bond Act of 1917, as amended (40 Stat. 1309, 31 U.S.C. 1940 ed., 753))

§ 471.2 *Procedure with respect to Treasury Notes of Tax Series A-1943, B-1943, A-1944, B-1944, A-1945, Treasury Notes of Tax Series C, and Treasury Savings Notes, Series C.* Deposits of Treasury Notes of Tax Series A-1943, B-1943, A-1944, B-1944, A-1945, Treasury Notes of Tax Series C, and Treasury Savings Notes, Series C, received in payment of taxes shall be made by the collector of internal revenue in a Federal Reserve Bank or a branch Federal Reserve Bank. Prior to deposit the collector of internal revenue will certify on the reverse side of the notes that they were received in payment of income (including excess profits) estate, or gift tax, as the case may be, and will show in the endorsement stamp the date of deposit. ## OFFICE OF PRICE ADMINISTRATION.

[RMPR 122, Rev. Order 47]

### SOLID FUELS IN WASHINGTON AREA AND ALEXANDRIA, VA.

#### ADJUSTMENT OF AUTHORIZED PRICES

Revised Order No. 47 under Revised Maximum Price Regulation No. 122. Solid Fuels Sold and Delivered by Dealers. Maximum prices for solid fuels in the Washington area and Alexandria, Virginia.

For the reasons set forth in an opinion issued simultaneously herewith, in accordance with § 1340.260 of Revised Maximum Price Regulation No. 122 and pursuant to the authority vested in the Administrator by the Emergency Price Control Act of 1942, as amended, it is hereby ordered that Order No. 47 be revised and amended to read as follows:

(a) *What this order does.* (1) This order establishes maximum prices for sales of specified solid fuels made in Alexandria, Virginia and in the "Washington, D. C. metropolitan area" this area includes: the District of Columbia, Arlington County and Falls Church, Virginia and, in Maryland, Chevy Chase, Bethesda, Sligo, Silver Spring, Takoma Park, College Park, Seat Pleasant, Riverdale, Capitol Heights, Oxon Hill, Kensington, Mt. Rainier, Hyattsville and Brentwood. These are the highest prices that any dealer may charge when he delivers any of such fuel at or to a point in Alexandria, Virginia, or at or to a point in the "Washington area"; they are also the highest prices that any buyer in the course of trade or business may pay for them.

(2) This order contains four price schedules. The first three apply to the "Washington area" and the fourth applies to Alexandria, Virginia. The first three have particular application as follows: first, for retail or "direct delivery" sales to consumers; second, for "yard sales" made at the dealer's yard to consumers who come there for fuel and to other dealers for resale by them; and third, for sales of bagged coal. None of these four price schedules permits the making of a service charge except Price Schedule I and none requires the granting of a discount except Price Schedule IV

(b) *What this order prohibits.* Regardless of any obligation, no person shall

(1) Sell or, in the course of trade or business, buy solid fuels at prices higher than the maximum prices set by this Order No. 47; but less than maximum prices may at any time be charged, paid, or offered,

(2) Obtain a higher than maximum price by (i) Charging for a service unless expressly requested by the buyer and unless specifically authorized to do so by this order,

(ii) Charging a price higher than the schedule price for a service,

(iii) Making a charge higher than the schedule charge authorized for the extension of credit,

(iv) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, or

(v) Using any other device by which a higher than maximum price is obtained, directly or indirectly.

(c) *Price Schedule I. Sales on a "direct delivery" basis.* (1) Price Schedule I sets forth maximum prices for retail sales of specified sizes, kinds and quantities of solid fuels delivered to consumers at any point in the Washington, D. C., metropolitan area. Deliveries of the fuels for which maximum prices for yard sales to consumers in 50 to 500 pound quantities are specified in paragraph (d) may be made at the maximum price specified for such quantities of the fuel plus 5 cents for each bag or basket containing not less than 50 pounds.

(g) *Sales of more or less than specified tonnages.* For a sale of a tonnage more or less than a tonnage for which a maximum price is specifically set forth, the price shall be adjusted (to the nearest cent) in proportion to the tonnage sold. For example, if 560 pounds are sold, the price shall be adjusted to one-fourth of the gross ton price; or, if 500 pounds are sold, the price shall be adjusted to one-fourth of the net ton price for the fuel sold. All other variations from prices for specified tonnages shall be proportionately adjusted in a similar way so that no more than the applicable and proportionate maximum price is obtained.

For a sale of coal of the size and kinds specified herein in bags of more or less than 15 pounds each, the price shall be adjusted to the nearest half-cent in proportion to the weight sold.

(h) *Ex Parte 148 freight rate increase; transportation tax.*—(1) *The freight rate increase.* Since the Ex Parte 148 freight rate increase has been rescinded by the Interstate Commerce Commission, the dealer's freight rates are the same as

those of December 1941. Therefore, no dealer may increase any schedule price on account of freight rates.

(2) *The transportation tax.* Only the transportation tax imposed by section 620 of the Revenue Act of 1942 may be collected in addition to the maximum prices set by this order provided the dealer states it separately from the price on the statement given to the buyer under paragraph (n) (2). But no part of that tax may be collected in addition to the maximum price on sales of quarter-ton or lesser quantities or on sales of any quantity of bagged coal.

(i) *Addition of increase in supplier's prices prohibited.* The maximum prices set by this order may not be increased by a dealer to reflect increases in purchase costs or in supplier's maximum prices occurring after the effective date hereof; but increases in the maximum prices set hereby to reflect such increases are within the discretion of the Administrator.

(j) *Petitions for amendment.* Any person seeking an amendment to this order may file a petition for amendment in accordance with Revised Procedural Regulation No. 1.

(k) *Power to amend or revoke.* The Price Administrator may amend, revoke or rescind this order, or any provision thereof, at any time.

(l) *Applicability of other regulations.* Every dealer subject to this order is governed by the licensing and registration provisions of sections 15 and 16 of the General Maximum Price Regulation. Sections 15 and 16 provide, in brief, that a license is required of all persons selling at retail commodities for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license, but a dealer may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. If a dealer's license is suspended, he may not sell any such commodity during the period of suspension.

(m) *Records.* Every dealer subject to this order shall preserve, keep, and make available for examination by the Office of Price Administration, the same records he was required to preserve and keep under § 1340.262 (a) and (b) of Regulation No. 122.

(n) *Posting of maximum prices; sales slips and receipts.* (1) Each dealer subject to this order shall post all the maximum prices set by it for all his types of sales. He shall post his prices in his place of business in a manner plainly visible to and understandable by the purchasing public. He shall also keep a copy of this order available for examination by any person inquiring as to his prices for solid fuel. No report of the maximum prices established by this order need be made by any dealer under § 1340.262 (c) of Regulation No. 122.

(2) Every dealer selling solid fuel for sales of which a maximum price is set by this order shall, within thirty days after the date of delivery of the fuel, give

to the buyer a statement showing: the date of the sale, the name and address of the dealer and of the buyer, the kind, size and quantity of the solid fuel sold, the price charged and separately stating any item which is required to be separately stated by this order. This paragraph (n) (2) shall not apply to sales of quantities of less than one-quarter ton or to sales of bagged coal unless the dealer customarily gave such a statement on such sales.

(3) In the case of all other sales, every dealer who during December 1941 customarily gave buyers sales slips or receipts shall continue to do so. If a buyer requests of a seller a receipt showing the name and address of the dealer, the kind, size and quantity of the solid fuel sold to him or the price charged, the dealer shall comply with the buyer's request as made by him.

(o) *Enforcement.* (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Office of Price Administration.
